Boost Productivity

3M combines the traditional easel with simple technology to electronically capture notes as they are being written.

- Preserve a record of collaborative brainstorming by saving notes in a variety of formats including: WBD, PDF, HTM, BMP, JPG, TIF, PPT, EPS, EMF.
- No separate power source needed, just connect the USB cable to your computer.
- Email and/or print easel pad notes to share with colleagues instantly.
- Allows everyone to focus on brainstorming and leave the meeting with the same notes.
- Collaborate with participants in remote locations in real time with the Shared-Meeting application.
- Keep absentee colleagues on track with the Playback feature by allowing brainstorming sessions to be reviewed in sequence at any time. Recording starts with the first pen stroke.
